

7 BILLION MIGRANTS : Exclusive conference

In the Iran of his childhood, REZA knew the prison because of his first shots. Exiled, he became an international figure in photojournalism. For over 35 years, he has tirelessly witnessed the torments and beauties of humanity. For the 2018 edition of the Solidays, he will share a visual reflection on the wandering of our human family through history, and express our duty of solidarity towards those who are still moving.
